

10 FUNNY *STAG DO* FORFEITS

STAGWEB.CO.UK

UP THE ANTE

No stag do is complete without a few hilarious forfeits thrown into the mix to keep the party bouncing and for those who fall miserably in the stag activities!

#1 BUSK IN TIME

THE FORFEIT:

When needing to answer the call of nature, the stag must make sure everyone else hears his call as well by shouting: "I NEED A WEE-WEE!" every time he has to go to the bathroom.

THE FORFEIT:

Relieve the stag of all his cash and wallet, give him a cap to catch money in and send him outside to busk by singing his favourite song. Don't allow him in the pub until he's made enough to buy a drink. It works even better if the pub has a beer garden, so the rest of the stags can watch his efforts.

#2 TOILET TRAINING

THE FORFEIT:

For crimes against stag-kind, the perpetrator must have half of his face covered in fake tan. Should not be applied to the groom ahead of the wedding day photos for fear of revenge attacks from an angry bride.

#3 TWO-FACED

THE FORFEIT:

The stag must sit down on a stool while some willing females are found to give him a make-over. Ideally, they'll give him the full 'Katie Price'. He is not allowed to remove the make-up for the remainder of the night.

#4 KISS & MAKE-UP

THE FORFEIT:

Have a **bright pink onesie** ready for any stag party misdemeanours. It can easily be slipped over clothes which means the onesie shame can be passed from stag to stag for shared or recurring stag offences.

#5 YOU'VE BEEN ONESIED

THE FORFEIT:

Any stags who have spent far too long getting ready will have to reverse their outfits for the walk to the first pub/bar/restaurant! They can only revert back when they have either bought a round or downed a suitably horrible shot.

#6 BRING THEM DOWN A PEG OR TWO

THE FORFEIT:

As failure in fulfilling his stag duties, your victim should be given a fresh chilli to eat for the rest of the stags' amusement. No water or beverages shall pass the stag's lips until the entire chilli has been consumed. Alternatively, you can use a shot of hot chilli sauce.

#7 CHILLI CHALLENGE

THE FORFEIT:

If you're heading to a paintball site, give the groom a hi-vis jacket or bright coloured onesie to wear, so they can be seen nice and clearly by the rest of the stags at all times.

#8 HI-VIS HAZARD

THE FORFEIT:

"You have been judged to be a numpty. To pay for your crimes against the stag party, you must now serenade a passer-by! If they join you in singing the song, you will not only be exonerated, but you'll also receive a pint from the rest of the stags"

#9 STREET SERENADER

THE FORFEIT:

The chosen stag must remove a sock, stretch it over the top of his glass, and then down his drink through it.
